

Your Free Bonus Pack

For readers of Chair Tai Chi for Seniors Over 60: the 8-week habit plan, the habit record, the open-practice page and the 28-day wall chart.

THE GENTLE BOOKSHOP

After 28 Days

Choose three or four practice days each week. Begin at ten minutes and add time only if both people want it. The longer recipes include rests. Use the table as a selection of familiar forms, with a warm-up, F01 to arrive, F10 to close, and a cool-down. You can stay with an earlier week or repeat the month.

Week	Suggested time	Main choices	Practice note
1	10 minutes	F01, F03, F10	Begin with the familiar short session.
2	10-20 minutes	F01, F02 or F04, F10	Add time only if both want it.
3	About 20 minutes	F01, F05 or F06, F10	Use selected forms with rests.
4	About 20 minutes	F01, F07, familiar choices, F10	Optional one-day taste of F08 or F09.
5	20-25 minutes	F01-F07 and F10 as chosen	Use a selection; skip F08-F09 by default.
6	20-25 minutes	Week 5 choices	F08 may replace a short block on one day.
7	20-25 minutes	Week 5 choices	F09 may replace a short block on one day.
8	20 or 30 minutes	Familiar favorites	Choose a longer recipe only if both want it.

N01 and N02 may replace a familiar main or together block once comfortable. N03 and N04 may replace a warm-up choice. Keep the same overall time rather than adding every option. F08 and F09 stay optional after the month too. Use upright rest or Ankle Pumps whenever you prefer.

Use a separate row for each appointment. Write the actual minutes and each person's choice. A rest day may stay blank or say "rest." After illness or injury, follow advice about returning before choosing a longer session.

Habit Record: Weeks 1-2

Write a date only when you use a row. Keep each person's record separate.
